

Yura Filin

Senior Product Designer **3+ years of experience.** **Visa sponsorship required**

Russia, Moscow, 101000 **Open to Relocate** [linkedin.com/in/yurafilin](https://www.linkedin.com/in/yurafilin) yurafilin.com filinconcept@gmail.com

I like Atomic Design Systems, Data-driven decision making and Auto-Layouts. I love feedback on my work. I don't like decisions based on emotions. I can defend my decisions and make compromises.

Experience

Senior Product Designer, ITPO Feb 2022 - Until today **Full Time**
Startup company, 100+ employees

- Got promoted in half a year from Middle to Senior level by doing my job very well.
- Created a rule for Websites Design which made work ~3x faster by doing Auto layout System.
- Implemented a Pixel Perfect Design which saved minimum 10 hours / week by doing Figma Plugin.
- Implemented a rule for Mobile Design which saved ~100% of designers time by doing Design System.

Product Designer, Pixel Cleaner Jun 2022 - Jul 2022 **Part Time**
Self - Employer

- Made a Figma Plugin that saves ~2000\$ every day for companies around the world.
- Automated the Pixel Perfect process which saves ~2 hours / week for each per designer by doing Pixel Cleaner Plugin.

Product Designer, AntiHack Dec 2020 - May 2022 **Part Time**
Password Manager

- Increased conversion to purchase by ~240% by doing A / B tests.
- Increased conversion from First Open to Registration from 30% to 78.6% by doing A / B tests.
- Increased the purchase price 2x without changing the purchase conversion rate by doing A / B tests.

Product Designer, Sector Trades Apr 2022 - May 2022 **Contract**
Investment analytics for USA traders

- Organized work process which saved ~2 months to second release by doing right Product Functional Map.
- Saved a lot of money and time by not creating own Design System by integrating Carbon Design System.

Product Designer, Metarium Feb 2022 - Apr 2022 **Part Time**
Decentralized App with NFTs

- Produced a very complex product logic by synchronizing a decentralized blockchain wallet, a database, an external NFT marketplace and an internal app.

UX / UI Designer, Commercial Products Jun 2022 - Jul 2022 **Contract**
Self - Employer

Made an end-to-end design for the following apps:

- Screen Recorder - advanced screen recording.
- Travel Go - finding fellow travelers.
- TikTok Saver - removing watermarks from videos.
- AirPods Finder - airpod search app.
- Photo Vault - storing photos in a safe place.
- VPN Elephant - VPN app.
